

XURSHIDBEK AVAZOV

Front-end Developer

ABOUT ME

My name is Khurshidbek and I am 25 years old. I was born in Kumkurgan district of Surkhandarya region. I am interested in specific subjects at school and graduated in 2011 with honors. I graduated from college with a degree in computer science. In 2017 I was admitted to the Tashkent Institute of Irrigation and Agricultural Mechanization Engineers, Faculty of Land Management on the basis of a state grant. I have been interested in modern technology innovations electronics and dog directions since I was young. Due to my interest in programming, I am studying to become a front-end programmer at the Proweb Center for Modern Courses in Tashkent. I am quick learner, data analyzer, flexible and humorous in team work. I understand Russian and work with documents in English. I want to start learning to speak foreign languages fluently. I want to be a strong programmer in programming in the future

EDUCATION

Tashkent Institute of Irrigation and Agricultural Mechanization Engineers.
2017—2021

I studied on the basis of an educational grant in the field of land management and land cadastre.

PROWEB

2020 — 2021

There are a lot of skillful teachers, who have tremendous experience in the website and web-application development, shares all their knowledge.

WORK EXPERIENCE

OOO METALL MELTING GROUP director

Since 2019

In any branch of construction and industry, the reliability of the objects created directly depends on the quality of the building material used. Our company produces cheap, high quality and reliable fittings for our people. It's been 5 years since we started production and today we employ 30 people.

Our next goal is to produce more quality products and increase the workforce.

SKILLS
